Call for Papers

The Asian Conference on Mechanics of Functional Materials and Structures (ACMFMS) is an international forum for researchers and academics, particularly from East Asia and neighboring region, to interact, exchange ideas and establish relationships, with a view to future cooperation and subsequent development of research in theoretical and applied mechanics of solids. Previous conferences in this series have been held in Matsue, Japan (2008), Nanjing, China (2010), New Delhi, India (2012), Nara, Japan (2014) and Shanghai, China (2016). The upcoming ACMFMS 2018 will be held in National Cheng Kung University (NCKU), Tainan, Taiwan on October 26-29. This conference brings together researchers, scientists and practitioners to exchange ideas and establish relationships, with a view to future cooperation and subsequent development of research in theoretical and applied mechanics of solids. Young researchers and university faculty are especially encouraged to participate, and use this opportunity to network with others in similar situations, who will also be seeking to develop their research abilities and experience.

About NCKU
National Cheng Kung University, established in 1931, is a comprehensive university consisting of nine colleges across various disciplines. NCKU earns reputation as a top-tier university in Taiwan because of its great achievement in research, academia-industry collaboration and its excellent researchers. Links among NCKU, the Southern Taiwan Science Park and the Kaohsiung Science Park are comparable to those among the Stanford University, the University of California at Berkeley, and the Silicon Valley.

About Tainan
Tainan is located on the southwestern coastal plains of Taiwan, and was the capital city of Taiwan during the 18th and 19th centuries. The city is famous for the wealth of precious historical and cultural treasures.

Access
International participants are encouraged to fly to Kaohsiung International Airport (KHH), which is 50 km south of Tainan. Participants arriving at Taoyuan International Airport (TPE) can take High Speed Rail train to Tainan. Detailed transportation information is on the conference website.

Accommodations
Hotels of all classes are available at reasonable rates near the conference venue. Information will be available on the conference webpage.
